THE BEAUTY OF CHANGE

ROYALE SERIES 1

Throughout history, exceptional artists have continually pushed boundaries, transforming perceptions of beauty and reshaping the world around them. By redefining the conventional, they inspire new ways of seeing and experiencing life. Our patented Royale dispensing solution embodies this ethos—crafted sustainably, with visionary design that blends innovation and timeless luxury. Sleek, purposeful, and impeccably detailed, it sets the standard for conscious indulgence.

Introducing the prestigious, patented Royale Dispenser, designed to empower you to embrace change with confidence.

This signature piece anticipates tomorrow's trends while honoring every detail, establishing the definitive standard in sustainable luxury.

Curated & Bespoke

Effortless Sustainability. Measurable Impact.

Our **refillable Royale Dispenser system** is designed to **optimize operations while exemplifying sustainable luxury**, delivering tangible economic and environmental benefits with elegance and precision.

Key Advantages:

- **Up to 50% reduction in single-use amenity consumption**, replacing individually packaged bottles.
- **Streamlined housekeeping**, reducing labor time while maintaining impeccable presentation.
- **Minimal refills required**, typically once or twice per month, for effortless maintenance.
- **Flexible dispenser design**, enabling pre-filling, quick replacement, and enhanced inventory management.
- **Eliminates partial-use waste**, reducing recycling needs and excess packaging.
- **Optimized logistics**, decreasing shipping and storage requirements.
- **Maximized storage efficiency**, freeing space for more curated operational use.
- **Mitigates product loss**, including accidental or theft-related waste.

By the Numbers:

**1 Royale Dispenser in 10,000 boutique hotel rooms
= 1.2 million single-use bottles kept from landfills annually**

The **Royale Dispenser** is the first of its kind to combine **authentic sustainability, refined design, and economic efficiency**. This visionary solution can **eliminate over 99% of waste from single-use amenity bottles**. In a typical 100-room boutique hotel, it could prevent the disposal of **50,000 small amenity bottles and 10,000 soaps annually**, saving up to **33,000 ounces of unused product**.

Seamless Luxury. Infinite Possibilities.

The **Royale Dispenser** integrates effortlessly into **luxury bathroom environments**, enhancing every setting with refined elegance.

Its **versatile design** can be tailored to complement your **hotel or project's decor**—classic, rustic, eco-chic, traditional, or contemporary—while offering the option for **bespoke personalization** with your logo.

With boundless adaptability and curated craftsmanship, the Royale Dispenser transforms functional amenities into a signature element of luxury design.

**Exquisitely crafted dispensers tailored for modern
hospitality and refined interiors.**

Why Our Patented Design Delights

Designed to **enhance both operational excellence and the guest experience**, our patented Royale Dispenser combines **timeless elegance, intuitive functionality, and signature style.**

Luxury Sustainable Materials

Aluminum bodies and stainless-steel components combine for unmatched craftsmanship and enduring sustainability.

Effortless Refills

Dispensers can be refilled in under one minute, whether in the shower, vanity, or other amenity spaces. Wide lids allow for easy cleaning and replenishment—no need to transport vessels elsewhere.

Cost-Efficient Luxury

Price per ounce is reduced with bulk refill systems, eliminating the need to replace partially used bottles or quarterly plastic containers—delivering both operational efficiency and an impeccable guest experience.

Hygienic & Easy to Clean

With no nooks or crevices for residue to collect, the dispenser can be deep-cleaned effortlessly: unlock, lift the cylinder from the bracket, and clean through the wide opening.

Guest-Friendly Lever

The ergonomic, gravity-based lever allows guests to dispense product with one hand, flowing smoothly and clogging less than traditional upright pumps—a refined alternative to small bottles.

Effortless Installation

Quickly installed using double-sided tape, adhesive caulk, or screws—designed for efficiency without compromising drywall, painted surfaces, or wallcoverings, while maintaining a refined, seamless appearance.

Tamper-Proof Security

Dispenser can be refilled easily by housekeeping while remaining secure from guest access, protecting your investment and ensuring operational excellence.

Subtle Refill Signaling

Discreet windows allow housekeeping to monitor fluid levels without disrupting the curated guest experience.
